

PRP Spritz Cookies

Preheat oven: 385 degrees

Ingredients:

- 1 cup butter flavored Crisco shortening (or margerine)
- 3/4 cups granulated sugar
- 1 egg
- 2 Tablespoons Sambal oelek (or other hot red chile paste or sauce)
- 2 1/2 cups all-purpose flour
- 1/2 teaspoon baking soda
- 2 Tablespoons Griffin's Miracle Pot Roast Powder

Cream the shortening and sugar. Mix in egg and Sambal oelek. Shift together flour, soda and PRP (this will remove some of the dried chile seeds). Load up cookie press and squirt your favorite shape on to ungreased cookie sheets. Bake about 10 minutes.
